

The **Alto** Workstation Leg

Workstations / Desking

The Alto Workstation Leg

The Alto Workstation Leg is a technically adjustable desking system manufactured in New Zealand. The Leg can be fitted to any surface, allowing the client to design their own working environment.

THE ALTO LEG features

The ability to either be a complete leg system for a workstation setup, or simply as a support for a Screen hung desk. Individual legs can be ordered and fitted to existing tops if required.

- ▶ Recyclable components
- ▶ Adjustable height range of 650 - 800mm
- ▶ Can be fitted to any size or shaped top
- ▶ A silver powder coated finish

The Alto Workstation Leg is an environmentally friendly product
