

ENVIRONMENTAL MATERIAL ANALYSIS

Alto Workstation Leg

Components	Weight (kg)	Material	% Recyclable
Top Plate	0.15	Steel	100%
Upper Leg	0.97		
Lower Leg	0.41		
Clamping Bracket	0.011		
Leg Sleeve	0.08		
Foot	0.02		
Bolts	0.01		
Leg Sleeve	0.008	Plastic	Non Recyclable
Finish	0.011	Powder Coat	Non Recyclable
Total Weight	1.5711		99.42% Recyclable By Weight

The steel used in the Alto leg is comprised of 100% new material and therefore fully recyclable. Mild steel components are painted using the powder coat method which does not utilise any solvents. Low or no off-gassing of VOCs should therefore occur.
