

**Electric** Desking Solutions

Workstations / Desking

# Electric Desking Solutions

There are huge benefits in choosing a Electric Desking Solution in today's modern office. This specified sit/stand technology can help prevent back problems, work well in hot desking or shift work environments, increase efficiency with stand up meetings and reduce fatigue.

## THE BLAKE Desk Features

The Blake Electric Desk System features a more classic, mainstream designed workstation. It has a lifting capacity of up to 70 kilograms, a height that ranges from 660 - 1180mm and a lifting speed of up to 25mm per second.

The user can match the modesty panel to the table top they have chosen, giving a clean and sophisticated look. The silver powder coated frame also complements a wide range of table top colours.

- ▶ Flexible width of up to 1800mm
- ▶ Battery powered option
- ▶ Quick and easy height control
- ▶ Available in Linear and 90° configurations

*Blake 90° configuration*

*Blake Linear configuration*

## THE HILLARY Desk Features

The Hillary Electric Desk System is a versatile, efficient workstation solution. It has a lifting capacity of up to 150 kilograms, a height range from 630 - 1200mm and a lifting speed of up to 28mm per second. The Hillary also has an optional 20 degree tilt bracket, allowing the desk top to be tilted if required.

The user can choose a table top of their choice, there are a range of table top colours available that tie in well with the silver powder coated frame and modesty panel.

- ▶ Two integrated cable management trays
- ▶ Battery powered option
- ▶ Quick and easy height control
- ▶ Available in Linear, 90° and 120° configurations

## ENVIRONMENTAL Policy

*Montage Interiors aims to achieve best practice of environmental sustainability, not only across our product range, but also as an organisation. In order to attain this we recycle all manufacturing wastes and manufacture with environmentally sustainable and friendly products, where possible. This is also undertaken alongside our clients, to ensure you are provided with the best furniture system possible. All waste products are recycled, reused or disposed of in a responsible manner. We endeavour to use recycled eco panels, sustainable timbers with low or zero emissions, and water based products in favour of solvents, during manufacture.*

*Extended warranties on many of our core products, reconfigurable workstation systems, plus a buy back/ recycling policy on many items, demonstrates our commitment to Environmentally Sustainable Design (ESD) and Product Stewardship.*
