The **Fusion** Chair

Ergonomic Seating

# The Fusion Chair

The Fusion's modern design provides the user with a stylish and comfortable chair that excels in the high ergonomic requirements of today's workspace. The defining feature of the Fusion is the back which widens at the top, enhancing support around the user's shoulder area.

## THE FUSION features

- ▶ A unique foam backing, that offers exceptional support within the lumbar area
- ▶ A range of client specified fabric coverings
- ▶ The option of either a chrome or black powder coated star base and/or armrests
- ▶ Easy to use, fully adjustable mechanisms

The Fusion Chair is an environmentally friendly product and is also AFRDI certified (Level 6 severe commercial use)
