

Joinery And Receptions

Joinery & Storage

Joinery And Receptions

Montage Interiors Joinery Factory is located in Paraparaumu. An experienced team of cabinet makers and joiners work together under one roof manufacturing standard product lines and one off custom designed units.

FACTORY Capabilities

- ▶ Using the latest technologically advanced machinery, Montage Interiors is able to manufacture large volumes of furniture with consistently high levels of quality.
- ▶ All of the procedures involved in completing an item of furniture are handled in house, from the ordering of the materials to the delivery and installation by our own staff.
- ▶ Nothing is too small or too big and all of the products manufactured have a guarantee covering the quality of workmanship and materials for 5 years allowing for normal usage and fair wear and tear.
- ▶ Our skill and experience allow us to manufacture typical office and domestic furniture items such as reception counters, mobile drawer units, desk screening systems, workstations, low seating, booth seating, storage units, tables and kitchens.

Low Seating at Bolton Street Firm

- ▶ Kitchen - Joy Household

- ▶ Bookcase - Employers & Manufacturers Association

- ▶ Custom Storage Unit - Customs

- ▶ Reception - Employers & Manufacturers Association

ENVIRONMENTAL Policy

Montage Interiors aims to achieve best practice of environmental sustainability, not only across our product range, but also as an organisation. In order to attain this we recycle all manufacturing wastes and manufacture with environmentally sustainable and friendly products, where possible. This is also undertaken alongside our clients, to ensure you are provided with the best furniture system possible. All waste products are recycled, reused or disposed of in a responsible manner. We endeavour to use recycled eco panels, sustainable timbers with low or zero emissions, and water based products in favour of solvents, during manufacture.

Extended warranties on many of our core products, reconfigurable workstation systems, plus a buy back/ recycling policy on many items, demonstrates our commitment to Environmentally Sustainable Design (ESD) and Product Stewardship.
