CREDENZAS & Bookcases

Montage Interiors manufacture credenzas and bookcases to suit client requirements, with variable options on finishes, size and design.

Individual credenzas can be made up for small office situations, or large custom units for a boardroom or storage area, as shown in the images below.

▶ Bookcase - Employers Manufacturers Association

Credenzas and bookcases can be incorporated together to create a custom storage unit to fit a specific office area.

▶ Storage Unit - Customs

The individual credenza incorporated into this bookcase has been designed to save space and to be easily removed for easy access, or to create another place for storage.

ENVIRONMENTAL Policy

Montage Interiors aims to achieve best practice of environmental sustainability, not only across our product range, but also as an organisation. In order to attain this we recycle all manufacturing wastes and manufacture with environmentally sustainable and friendly products, where possible. This is also undertaken alongside our clients, to ensure you are provided with the best furniture system possible. All waste products are recycled, reused or disposed of in a responsible manner. We endeavour to use recycled eco panels, sustainable timbers with low or zero emissions, and water based products in favour of solvents, during manufacture.

Extended warranties on many of our core products, reconfigurable workstation systems, plus a buy back/ recycling policy on many items, demonstrates our commitment to Environmentally Sustainable Design (ESD) and Product Stewardship.
