The **Sebastian** Screen

Screens / Partitions

The Sebastian Screen

The Sebastian Screen's distinctive design combines function and style. It's unique bendable properties allow the user to adapt the screen to suit their own requirements.

SEBASTIAN SCREEN Features

The Sebastian Screen is made of two birch plywood boards and a rubber mat glued between them. The particular grooving method makes it easy to bend the screen and give the screen a sculptural look.

- ▶ Easily stored or shifted to different locations with the numerous grooves that allow it to be rolled up
- ▶ A bar can be fixed on the top of the screen to double as a coat rail, a useful accessory for storing umbrellas or coats
- ▶ Various screen sizes available:
 - 1500mm x 3000mm
 - 1200mm x 2500mm
 - 1200mm x 800mm
 - 1500mm x 800mm
- ▶ Absorbs sound waves, creating a more quiet working atmosphere
